## 5. Democratic Knowledge: Understand Our Democratic Rights and Protect Them

To improve our democracy, we need to understand its roots and how it has grown over the last two centuries. This includes all the rights that we have declared for ourselves and how to use the different branches of government to pursue and protect these rights. Most recently, we have experienced one of the most violent threats to our democracy, perhaps only exceeded by the Civil War. Our government is now surrounded by fences. (view fall, enroll winter)

## **4. Social and Ecological Awareness: Pursue Social Justice and Ecological Balance**

To improve our country and world we need to first understand the distribution of power in our societies and scientific evidence about the causes of global warming. With a realistic understanding of the social and ecological obstacles confronting us, we will be much more able to overcome and solve these problems. (view fall, enroll winter)
